

# OMS MODEL 08RP

## VERTICAL STRAPPING MACHINE

- Vertical Strapping of most Palletized Products
- Vertical Strapping Head Movement with Side Compensation
- Sword (supplied as standard) penetrates pallet void
- 200,000 cycles between services with OMS Strapping Heads

## FEATURES AND BENEFITS

### Various Configurations to Suit All Industries

Bespoke versions include: Inclined, Heavy Duty, and Top Press (Up to 1800 N)

### Vertical Strapping Head Movement

Greater tension available due to vertical head movement, and more evenly applied tension available due to head compensation action.

### Rack & Pinion Movement

Eliminates costs involved with chains and poly belts.

### Proven & Reliable Heat Seal Strapping Heads

OMS TR Series Heads only require servicing every 200,000 cycles.

### Fast, Consistent Strap Feed

Precise, repeatable strap feeding avoids jams and increases up-time.

### Strap Coil Holder Options

Options include Tower, Scissor and Jumbo Coil Holders, all with auto recovery to ensure strap is taut and controlled.

### Optional Equipment

Translation, Multiple Swords, Bearer Inserters (Upper & Lower), Corner Edge Protectors, Pedestal or Desk Control Panel, Driven Conveyors, Centering Device, Pack Rotating Device for Cross Strapping, Telescopic Arch Tracks.

### Safety Guarding Options

Gordian can offer a full perimeter safety guarding system in partnership with our safety system suppliers.

Strap/ Coil Options	Polyester or Polypropylene ID 406mm x W 150mm
Strap Width	9-19mm dependent on head
Strap Thickness	0.5 - 1.3mm dependent on head
Cycle Time	Depends on head, strap and arch size
Strap Tension	0 to 700kg dependent on head
Tensioning Speed	0.25m/sec
Strap feeding and recovery speed	2.5 or 5.5m/sec
Power Supply	400-415V, 3Ph – 50/60Hz

*Dimensions and specifications will vary according to customer requirements.*

### OMS equipment is widely used in a range of industries including:

Building Products, Can & Bottle, Corrugated & Paper, Food & Beverage, Retail, Timber, Waste Baling, White Goods.

All OMS equipment is installed by Gordian Strapping's directly employed Service Team.

## ABOUT GORDIAN STRAPPING

Gordian Strapping is a leading supplier of strapping, stretch wrapping, stretch hooding and shrink hooding machinery, with a range of stand-alone machines and fully automated end-of-line packaging systems.

Our machines are installed and maintained by our team of experienced service engineers across the UK and Ireland.

Gordian is also a leading supplier of PP Strapping, PET Strapping, Banding Tape and Stretch Wrap. Established in 1937, Gordian is a division of the StraPack Corp., a world class manufacturer of strapping machines. Gordian has represented OMS for over 30 years.

Established in 1949, OMS is a leading manufacturer of pallet strapping, wrapping and hooding systems.
